

90cm Series 9 Classic 5 Burner Dual Fuel Pyrolytic Cooker

Series 9 | Classic

Get the best of both worlds with dual fuel. A gas cooktop with wok burner is paired with a nine-function convection oven.

- Five burner cooktop with with dual wok burner and rotisserie
- Convection oven with 140L capacity and nine oven functions plus rotisserie including Pastry Bake with Pizza mode
- Non-tip full-extension shelves for safe removal of hot dishes
- Pyrolytic self-clean that breaks down food residue for an easy clean

DIMENSIONS

Height	898 - 946 mm
Width	897 mm
Depth	600 mm

FEATURES & BENEFITS

Multi-Shelf Cooking

Our AeroTech™ system circulates air evenly throughout the entire oven so dishes on the top shelf turn out just as perfectly as food cooking on the bottom shelf.

Quality And Durability

Every detail has been carefully crafted. The solid, perfectly balanced soft-close door, durable cooktop trivets and glowing halo dials all add up to an exceptional, premium range.

Easy Cleaning

With its durable surface, your cooktop simply needs a quick wipe after cooking to keep it looking good as new for years to come.

Burner Power & Control

Instant and immediate control from the highest to the gentlest heat. The finely tuned cooktop controls let you sear, stir fry or simmer a delicate sauce to perfection.

Large Capacity Oven

The generous 140L total capacity oven gives you plenty of space to cook multiple dishes at once.

Even Heat

Accurate, electronically-controlled oven heat ensures a great result every time.

Where applicable:

All appliances use energy, and energy usage typically generates carbon emissions. **Fisher & Paykel Appliances' In-use Energy Carbon Emissions Estimate** indicates carbon emissions from a product's in-use energy. This is calculated either annually or per cycle, using the product's market-specific energy label energy consumption data multiplied by the carbon emissions factor for energy in your country or region.

Our In-use Energy Carbon Emissions Estimate is designed to assist customers in making informed purchasing decisions when comparing different Fisher & Paykel products. For example, a heat pump dryer typically has a lower In-use Energy Carbon Emissions Estimate than a vented dryer.
