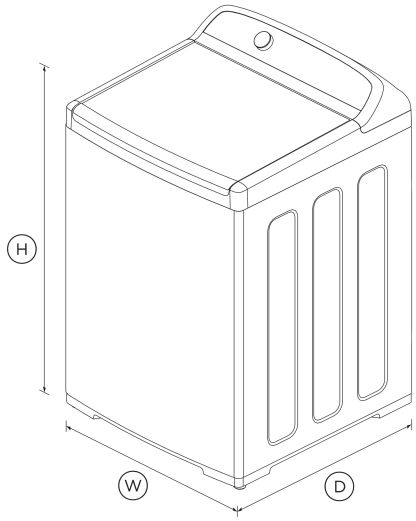
10kg Series 7 Top Loader Washer, Eco-Active

With plenty of room for large loads, and 12 wash cycles including Sports, this top loader caters to every type of load.

- 12 wash cycles including Allergy, Sports and Wool
- Includes extra wash feature Soak, for helping cleaning tough stains
- Energy saving with Eco-Active™
- 4 star energy and 3.5 star water rating

DIMENSIONS

Height	**1060 - 1090 mm**
Width	**685 mm**
Depth	**700 mm**



FEATURES & BENEFITS

Easy To Use
This machine has a cycle to suit every type of load including Delicate, Sports and Wool. Select a cycle with the easy to use SmartTouch™ control dial.

Soft-Close Lid
The tough glass lid delivers quality and durability. Its soft close mechanism makes it family safe, avoids slamming and allows for hands-free operation.

Cares For Clothes
The flexible finned agitator ensures less tangling for superior clothes care.

Eco-Active™ Wash
Eco-Active™ recirculates water and detergent through clothes so less hot water is used to remove stains, dirt and bacteria.

Quicker Drying
Drying times are reduced due to a fast spin speed of 1100RPM which helps remove more water.

Large Capacity
The 10kg capacity of this washing machine is ideal for larger families and can wash bulky items with ease.

Where applicable:

All appliances use energy, and energy usage typically generates carbon emissions. **Fisher & Paykel Appliances' In-use Energy Carbon Emissions Estimate** indicates carbon emissions from a product's in-use energy. This is calculated either annually or per cycle, using the product's market-specific energy label energy consumption data multiplied by the carbon emissions factor for energy in your country or region.

Our In-use Energy Carbon Emissions Estimate is designed to assist customers in making informed purchasing decisions when comparing different Fisher & Paykel products. For example, a heat pump dryer typically has a lower In-use Energy Carbon Emissions Estimate than a vented dryer.
