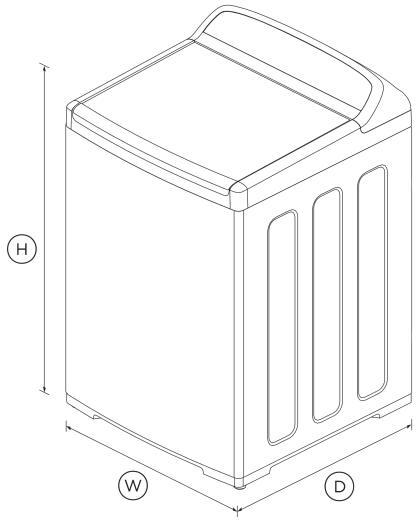
# 7kg Series 5 Top Loader Washer

Running on SmartDrive™ technology for a quicker, quieter wash, you'll have plenty of room for a generous wash load.

- Six wash cycles including Allergy, Quick, Wool and Delicate
- Soak wash feature helps to clean tough stains
- Soft-close lid avoids slamming and hands-free operation
- Fast 1000RPM spin speed to remove more water for quicker drying

## DIMENSIONS

| | |
|---|---|
| **Height** | **1045 - 1075 mm** |
| **Width** | **600 mm** |
| **Depth** | **600 mm** |



## FEATURES & BENEFITS

**Easy To Use**

This machine has a cycle to suit every type of load including Delicate, Allergy and Wool. Select a cycle with easy-to-use SmartTouch™ controls.

**Cares For Clothes**

This machine has a cycle to suit every type of load including Delicate, Allergy and Wool. Select a cycle with easy-to-use SmartTouch™ controls.

**Soft Close Lid**

The robust plastic lid has a soft close mechanism that makes it family safe, avoids slamming and allows for hands-free operation.

**Easy Installation**

Self-levelling feet make installation easy and ensure the washer stays level. This minimises out-of-balance issues and vibration, which keeps noise levels to a minimum.

**Where applicable:**

All appliances use energy, and energy usage typically generates carbon emissions. **Fisher & Paykel Appliances' In-use Energy Carbon Emissions Estimate** indicates carbon emissions from a product's in-use energy. This is calculated either annually or per cycle, using the product's market-specific energy label energy consumption data multiplied by the carbon emissions factor for energy in your country or region.

Our In-use Energy Carbon Emissions Estimate is designed to assist customers in making informed purchasing decisions when comparing different Fisher & Paykel products. For example, a heat pump dryer typically has a lower In-use Energy Carbon Emissions Estimate than a vented dryer.
