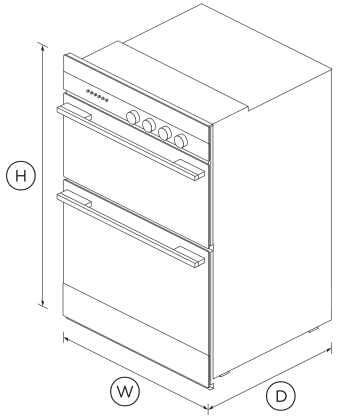
Height	**888 mm**
Width	**595 mm**
Depth	**567 mm**



FEATURES & BENEFITS

Cooking Flexibility

This built-in oven has seven functions with pre-set temperatures, including Bake, Fan Bake and Fan Forced, allowing you to use a variety of cooking style.

Sized To Suit

This built-in oven provides a generous 71L + 45L of total capacity across two cavities providing enough space to fit a large casserole dish, the family roast and a crumble for dessert.

Safe And Sound

The CoolTouch door with quadruple glazing and cooling system is safe to touch from the outside, protecting your hands and the surrounding cabinetry.

Accessories

This built-in oven comes with a number of handy accessories including a fat filter, a flat brushed baking tray and a grill rack.

Complementary Design

With their premium handle and dial styling, our built-in ovens are designed to match the rest of Fisher & Paykel's kitchen appliance family.

Where applicable:

All appliances use energy, and energy usage typically generates carbon emissions. **Fisher & Paykel Appliances' In-use Energy Carbon Emissions Estimate** indicates carbon emissions from a product's in-use energy. This is calculated either annually or per cycle, using the product's market-specific energy label energy consumption data multiplied by the carbon emissions factor for energy in your country or region.

Our In-use Energy Carbon Emissions Estimate is designed to assist customers in making informed purchasing decisions when comparing different Fisher & Paykel products. For example, a heat pump dryer typically has a lower In-use Energy Carbon Emissions Estimate than a vented dryer.
