

Series 7, Contemporary Tall Single DishDrawer Dishwasher

Contemporary

- Created with extra height for large dishes and designed to be placed anywhere in your kitchen, for loading dishes with less bending.
- With extra height for taller dishes, and customisable internal shelving
 - Six wash programs, as well as additional Quick wash, Sanitise and Extra Dry options

DIMENSIONS

Height	454 mm
Width	599 mm
Depth	573 mm

FEATURES & BENEFITS

- Ease Of Use**
- DishDrawer™ Dishwashers are as easy to open and close as kitchen drawers and can be conveniently positioned at bench height for ease of loading and minimal bending. Flexible racking allows you to make adjustments to fit in a variety of dishes.
- Quick, Sanitise and Extra Dry options**
- The Quick wash modifier delivers a faster wash while maintaining performance. The Sanitise option provides extra protection, killing 99.9% of bacteria* in the final rinse. The Extra Dry setting is perfect for plastic dishes. *Certified to NSF/ANSI Standard 184

Quiet Performer

Running at a very low decibel rate, these DishDrawer™ Dishwashers do their job without making a fuss. The combination of intelligent technology and simple mechanics means greater reliability and excellent wash performance.

Seamless Integration

DishDrawer™ Dishwashers integrate beautifully into any kitchen space. They're designed to match the Fisher & Paykel family of kitchen appliances, with matching handles, premium styling and quality materials.

Performance		Water connection		Where applicable:
Noise emissions	42 dBA	Water pressure	30kPa - 1000 kPa	All appliances use energy, and energy usage typically generates carbon emissions. Fisher & Paykel Appliances' In-use Energy Carbon Emissions Estimate indicates carbon emissions from a product's in-use energy. This is calculated either annually or per cycle, using the product's market-specific energy label energy consumption data multiplied by the carbon emissions factor for energy in your country or region.
Power requirements		Water supply	3/4" BSP (20mm) Connector Water Inlet Hose	Our In-use Energy Carbon Emissions Estimate is designed to assist customers in making informed purchasing decisions when comparing different Fisher & Paykel products. For example, a heat pump dryer typically has a lower In-use Energy Carbon Emissions Estimate than a vented dryer.
Amperage	5A			
Supply frequency	50Hz			
Supply voltage	220 - 240V
