- Intuitive touchscreen provides cooking guidance for perfect results across a wide range of foods

- Designed to pair with our companion products such as Vacuum Seal Drawers

DIMENSIONS

Height	458 mm
Width	596 mm
Depth	565 mm

FEATURES & BENEFITS

Handleless Design

Effortlessly open and close your oven with a gentle press of a button, ensuring convenience and smooth operation in the kitchen. Moving away from traditional oven doors, this model is an ideal match for kitchens with a continuous, handle-free design, ensuring a seamless flow across the cabinetry.

Cook With Confidence

Using the large 5" touchscreen you can select a cooking method or hero ingredient and your oven will provide heat type and temperature recommendations for perfect results. For added versatility, you can also select your go-to cooking functions.

Sized To Suit

The compact height of this combi steam oven allows for versatile placement. You have the flexibility to install at a convenient height to suit your kitchen design and preference.

Mastery Of Temperature

Steam enhances the transfer of heat, and when combined with convection it delivers exceptional texture and optimises browning, creating perfect results from everyday meals to signature creations.

Preserve Flavour And Nutrients

Perfect for delicate dishes like snapper or salmon, steam cooking preserves nutrients and texture, offering a healthier way to enjoy meals. With specialised steam functions, including Sous Vide, the combi steam oven brings out the best in every ingredient, ensuring your creations are both nutritious and delicious.

Reheat And Restore

Give your leftovers a new life with our Steam Regenerate function, ensuring meals like roast chicken and risotto retain freshness and flavour. For that just-baked quality in pastries, bread, and pizza, use Crisp Regenerate for the perfect reheat that keeps every bite deliciously crispy.

Where applicable:

All appliances use energy, and energy usage typically generates carbon emissions. **Fisher & Paykel Appliances' In-use Energy Carbon Emissions Estimate** indicates carbon emissions from a product's in-use energy. This is calculated either annually or per cycle, using the product's market-specific energy label energy consumption data multiplied by the carbon emissions factor for energy in your country or region.
