# Series 9, Contemporary Tall Single DishDrawer Dishwasher

Series 9 | Contemporary

Black Glass

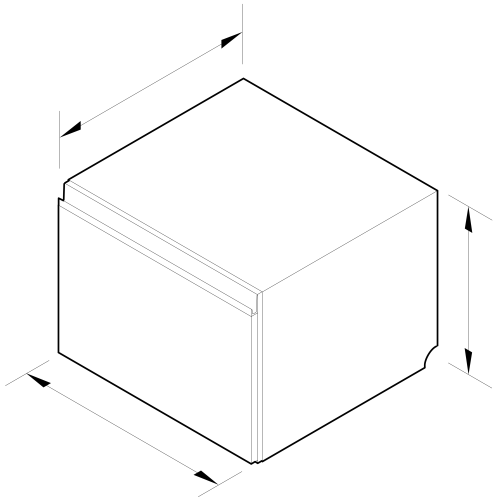

Created with extra height for large dishes and designed to be placed anywhere in your kitchen, for loading dishes with minimal bending.

- Designed to be installed under your benchtop, with a recessed handle for a seamless look
- Six wash programs, as well as additional Quick wash, Sanitise and Extra Dry modifiers
- With extra height for taller dishes, and customisable internal shelving
- Wi-Fi enabled and works with the SmartHQ™ app for remote control and notifications

## DIMENSIONS

| | |
|---|---|
| Height | 454 mm |
| Width | 599 mm |
| Depth | 573 mm |

## FEATURES & BENEFITS

### Considered Design

Designed to match our Contemporary style black glass family of products, this built-under DishDrawer™ Dishwasher has a tactile matte black glass finish that pairs perfectly with a recessed handle.

### Seamless Fit

Our built-under DishDrawer™ Dishwashers are installed flush under your benchtop, and are designed to match our Contemporary style family of appliances for a seamless kitchen finish.

### Designed For Real Life

Designed to make everyday life simpler, DishDrawer™ Dishwashers can be distributed throughout the kitchen to support patterns of use. As easy to open and close as kitchen drawers, they can be conveniently positioned at bench height for ease of loading and minimal bending.

### Easy To Load

Designed to fit six place settings, with foldable racking to fit taller dishes up to 310mm. Flexible racking allows you to make adjustments to fit in a variety of dishes.

### Quick, Sanitise And Extra Dry Options

The Quick wash modifier delivers a faster wash while maintaining performance. The Sanitise option provides extra protection, killing 99.9% of bacteria* in the final rinse. The Extra Dry setting is perfect for plastic dishes.

*Certified to NSF/ANSI Standard 184

### Quiet Performer

Running at a very low decibel rating, these DishDrawer™ Dishwashers do their job without making a fuss. The combination of intelligent technology and simple mechanics means greater reliability and excellent wash performance.

## SPECIFICATIONS

### Accessories (included)

| | |

**Where applicable:**

All appliances use energy, and energy usage typically generates carbon emissions. **Fisher & Paykel Appliances' In-use Energy Carbon Emissions Estimate** indicates carbon emissions from a product's in-use energy. This is calculated either annually or per cycle, using the product's market-specific energy label energy consumption data multiplied by the carbon emissions factor for energy in your country or region.

Our In-use Energy Carbon Emissions Estimate is designed to assist customers in making informed purchasing decisions when comparing different Fisher & Paykel products. For example, a heat pump dryer typically has a lower In-use Energy Carbon Emissions Estimate than a vented dryer.
