Freestanding Quad Door Refrigerator Freezer, 90.5cm, 538L

Contemporary

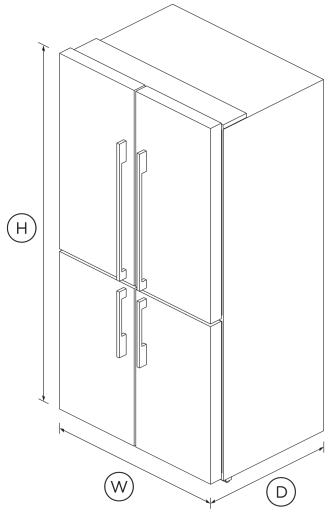

Featuring three separate compartments, including an independent Variable Temperature Zone, for unbelievably flexible storage.

- Variable Temperature Zone lets you change a compartment to Fridge, Chill, Soft Freeze or Freezer for optimal storage
- ActiveSmart™ technology helps keep food fresher for longer by constantly maintaining the ideal temperature.
- Spacious bottom freezer with easy-slide internal drawers to separate storage

DIMENSIONS

Height	**1790 mm**
Width	**905 mm**
Depth	**688 mm**

FEATURES & BENEFITS

ActiveSmart™ Foodcare

ActiveSmart™ Foodcare learns how you live. It is technology which understands how you use your refrigerator and adjusts temperature, airflow and humidity inside to help keep food fresher for longer.

Thoughtful Design

Perfectly flat doors for a less intrusive fit in the kitchen, spill-proof glass shelving and beautiful lighting for great visibility inside.

Easy One-Touch Control Panel

Situated conveniently, the control panel for the refrigerator, freezer and Variable Temperature Zone compartments allows you to view and modify the features and options to suit any occasion.

Flexible Storage And Access

Large compartments, adjustable internal storage and shelving are designed for your constantly changing needs.

Brilliant interior lighting

Bright LEDs light up each ceiling, shelf, bin and tray in both refrigerator and freezer, making it easy to find your food and create a welcoming glow in your kitchen.

Design Quality

Our refrigerators are designed and built using quality materials. We use real stainless steel and solid glass for the interior shelving.

Where applicable:

All appliances use energy, and energy usage typically generates carbon emissions. **Fisher & Paykel Appliances' In-use Energy Carbon Emissions Estimate** indicates carbon emissions from a product's in-use energy. This is calculated either annually or per cycle, using the product's market-specific energy label energy consumption data multiplied by the carbon emissions factor for energy in your country or region.

Our In-use Energy Carbon Emissions Estimate is designed to assist customers in making informed purchasing decisions when comparing different Fisher & Paykel products. For example, a heat pump dryer typically has a lower In-use Energy Carbon Emissions Estimate than a vented dryer.
