Warming Drawer, 60cm

Contemporary

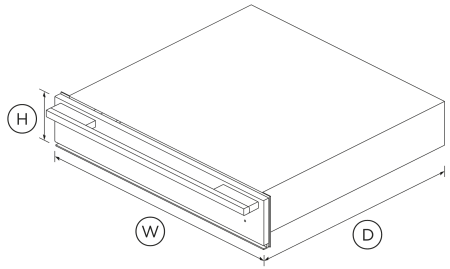

Keeps food or plates warm until you're ready to serve. Pair it with an oven for matching contemporary design.

- Pairs perfectly with any of our 60cm ovens
- Space to keep six standard-sized dinner plates evenly warm
- Minimalist look with a brushed stainless steel finish, or choose the black reflective glass surface
- Part of our suite of companion products, designed to match aesthetically for flexible configurations

DIMENSIONS

Where applicable:

All appliances use energy, and energy usage typically generates carbon emissions. **Fisher & Paykel Appliances' In-use Energy Carbon Emissions Estimate** indicates carbon emissions from a product's in-use energy. This is calculated either annually or per cycle, using the product's market-specific energy label energy consumption data multiplied by the carbon emissions factor for energy in your country or region.

Our In-use Energy Carbon Emissions Estimate is designed to assist customers in making informed purchasing decisions when comparing different Fisher & Paykel products. For example, a heat pump dryer typically has a lower In-use Energy Carbon Emissions Estimate than a vented dryer.
