

# Freestanding Dishwasher

Series 5 | Contemporary

Stainless Steel

With flexible racking you can adjust to suit your load, and multiple wash features for beautifully clean dishes.

- Six wash programs to suit any load from Delicate to Heavy
- Auto option senses the optimum wash cycle for your dishes

## DIMENSIONS

Height	850 - 870 mm
Width	597 mm

Depth600 mm

## FEATURES & BENEFITS

### A reliable wash

A three stage filtration system results in a superior clean. Cup racks, wine glass supports and cutlery basket allow safe and easy cleaning of everyday items. A rinse aid indicator reminds you to top up for squeaky-clean dishes.

### Flexible wash options

This dishwasher offers six wash programs including Auto, which automatically senses the optimal wash cycle for your dishes.

### Quiet performer

Running at a low decibel rate, these dishwashers do their job without making a fuss. Even the end of cycle alerts can be turned off.

### Easy to load

Designed to fit 15 place settings, the middle basket, cup racks and wine glass holders are easily adjusted to accommodate different sized dishes.

**Where applicable:**

All appliances use energy, and energy usage typically generates carbon emissions. **Fisher & Paykel Appliances' In-use Energy Carbon Emissions Estimate** indicates carbon emissions from a product's in-use energy. This is calculated either annually or per cycle, using the product's market-specific energy label energy consumption data multiplied by the carbon emissions factor for energy in your country or region.

Our In-use Energy Carbon Emissions Estimate is designed to assist customers in making informed purchasing decisions when comparing different Fisher & Paykel products. For example, a heat pump dryer typically has a lower In-use Energy Carbon Emissions Estimate than a vented dryer.
