Built-under Dishwasher, Sanitise

Contemporary

Offering a superior wash performance, this Dishwasher is designed to fit flush under your benchtop for a seamless look.

- Designed to be built under your benchtop, fitting flush with cabinetry for a seamless look
- Seven wash programs to suit any load, from Delicate to Heavy
- Quick, Sanitise and Extra Dry modifiers provide extra wash options
- Auto option senses the optimum wash cycle for your dishes

DIMENSIONS

Height	**820 - 880 mm**
Width	**598 mm**
Depth	**574 mm**

FEATURES & BENEFITS

Considered design

Designed to match our Contemporary style black glass family of products, this built-under dishwasher has a tactile black glass finish that pairs perfectly with a recessed handle.

SEAMLESS INTEGRATION

Our built-under dishwashers are installed flush under your benchtop with the option of a custom kickstrip, ensuring minimal gaps.

Efficient performance

With a Energy Star Most Efficient rating, this DishDrawer™ Dishwasher is recognised amongst the most energy efficient models on the market.

A reliable wash

This dishwasher offers seven wash programs including Auto, which automatically senses the optimal wash cycle for your dishes. The three stage filtration system delivers a superior clean, while the rinse aid indicator reminds you to top up for squeaky clean dishes.

Quick, Sanitise and Extra Dry options

The Quick wash modifier maintains Performance while giving you clean dishes faster. Sanitise provides extra protection, killing 99.9% of bacteria in the final rinse, while the Extra Dry setting is perfect for plastic dishes.

Drier dishes

ThermoDry technology removes moisture from the final hygienic hot rinse, leaving your dishes with an ultra dry finish.

Easy to load

Designed to fit 15 place settings, the flexible racking system features a third rack for cutlery and utensils. The middle basket, cup racks and wine glass holders are easily adjusted to accommodate different sized dishes.

QUIET PERFORMER

Running at a very low decibel rating, this dishwasher does its job without making a fuss. The combination of clever technology and simple mechanics means greater reliability and superior wash performance.

SPECIFICATIONS

Where applicable:

All appliances use energy, and energy usage typically generates carbon emissions. **Fisher & Paykel Appliances' In-use Energy Carbon Emissions Estimate** indicates carbon emissions from a product's in-use energy. This is calculated either annually or per cycle, using the product's market-specific energy label energy consumption data multiplied by the carbon emissions factor for energy in your country or region.

Our In-use Energy Carbon Emissions Estimate is designed to assist customers in making informed purchasing decisions when comparing different Fisher & Paykel products. For example, a heat pump dryer typically has a lower In-use Energy Carbon Emissions Estimate than a vented dryer.
